

TIDE~ global learning

Who else has views about the change?

What are those views?

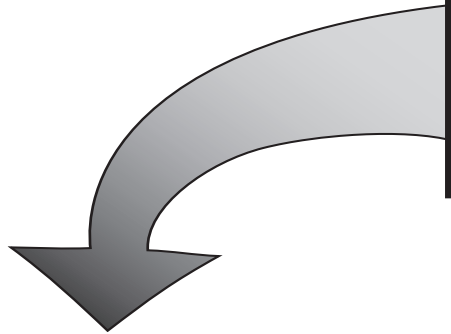

Who is involved?

What are the different roles?

How do they see it?

Who gains / who loses?

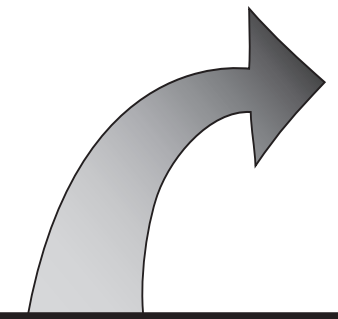

**Case study of
local change**
[to explore global dimensions]

Why the change?

What is driving the change?

What are the connections
 ~ with the past?
 ~ with other places?

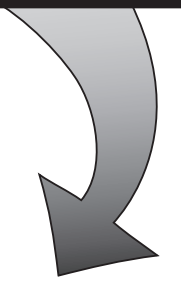

*What are the affects
of the change?*

~ Environmentally?

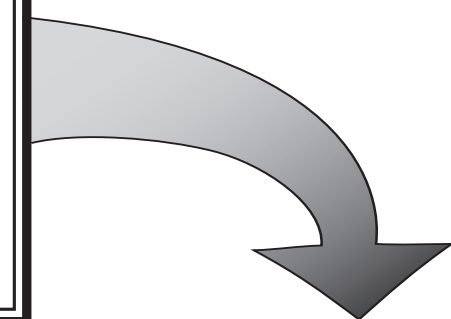

~ Economically?

~ Sociology?

What is the change?

How will it work?

Case study of local change to explore global dimensions
